Common questions

Why is there a padlock against the date I would like to book?

If you can see a padlock icon against certain dates in School Gateway indicating, you are unable to book meals for that day. This will likely mean that you are trying to book past the cut-off time for that day.

Please contact the school direct who will be able to book the meal on your behalf.

My child is entitled to FSM but I am being charged?

Why am I being asked for payment when my child is showing as having a positive balance?

Meals do not get charged from the balance displayed on School Gateway at the point the pre-order is placed. Instead, the balance will update once the meal has been confirmed as being taken.

However, if you believe that you are being asked for payment in error, please contact your school direct who will be able to assist you further.

Why has my balance not updated?

Any payments made via School Gateway will show in your payment transaction history straight away, the balance will then update within 30 minutes.

Why are no menu options available?

Why can I only see some menu choices?

If a child has an allergen/s applied to their student record in Cypad and a menu option has been configured as containing this allergen, then the meal choice will not be displayed on School Gateway.

Why I am unable to select some menu items (greyed out)?

If a child has a diet type/s applied to their student record in Cypad and a menu item has a diet type selected which conflicts with this, the item will still be displayed on School Gateway but it will be greyed out and can't be selected.
